

# Why A Career At Harder & Warner?

Working with a first class company provides experience on high-end projects, larger scale jobs, & the opportunity to provide high quality work.

Not just one... but two company parties AND an end-of-year pub crawl! An Employee Appreciation Summer Shindig followed by a very merry Christmas Party!

Harder & Warner provides continuing education opportunities to employees to increase their skills, knowledge, and position in the company.

Industry leaders that are always on the cutting edge of what's "new & exciting", makes the diversity of work great. No one is stuck doing the same thing day after day.

You don't have to have the last name 'Warner' to be part of the family. The family atmosphere is unmatched as you truly gain a second set of friends and a second family at Harder & Warner.

Pencil pushing and harshly lit cubicles are not for us. Send us outside with a shovel and a bobcat any day! Working outside keeps us all in shape, lowers our blood pressure, and improves mental health.

Large equipment and a wide range of it make all of our jobs easier. No one will be stuck without the tools that they need to complete their project.

Community involvement has always been at the top of the list of importance to the owners. Working for a company that is as community involved as Harder & Warner doesn't come along very often.

The positive company culture comes from the top down. Motivating and caring leaders are what keep employees proud of where they work.

Talk about employee retention... 6 employees have been with us for over 25 years! 5 employees for 15 years! Even 6 employees for 10 years! That's a long time! One person has been here 39 years this year!
